Limitations or special needs:

**Please Note:** International travel trips and cross-cultural requirement courses have limited enrollments. Selection for a particular course will be initially on a first-come, first-serve basis, but with some priority given by level in a degree program if there is more interest than available seats (i.e., priority to graduating students still needing the cross-cultural requirement). Students selected for travel trips will be notified as soon as possible, as well as those further selected for cross-cultural registration. Please note that some trips have an early commitment date, with a deposit required to confirm your registration. Do not pay your trip deposit until your selection for the travel course is confirmed by the Registrar.

**Please return to Registrar's Office by October 14, 2016**  
Students selecting international travel trips, or courses with earlier deadlines,  
should return this form as soon as possible. Forms will be accepted beginning May 31, 2016.
