**WTS Registration Notes:**

- For specifics on any particular course, see the MyWTS Web Portal for course descriptions.
- WTS courses marked with an asterisk (\*) have enrollment controls placed on them for the specific purpose of balancing registration between sections or between similar courses. These courses are usually for a targeted group of students to meet programmatic requirements, with outside registration possible only by permission of the instructor. The WTS Registrar reserves the right to shift a student to a different section of the same course or to a course that meets the same program requirement in order to meet this request for a balanced enrollment, and will make all efforts to work with the student to resolve conflicts as a result of this requirement.
- Many WTS courses have the preferred option of only the Credit/No-Credit (i.e., pass/fail) grade option, and are so indicated by the ampersand (&) symbol. Other courses may have a preferred grading plan (with an alternative option by permission of instructor). See the course descriptions for more information.
- Prolog/Intensive Week meets February 1-5, with class both morning and afternoon, Tuesday through Friday, and has its own schedule. Prolog Week will happen by Synchronous Zoom only in Spring 2021.
